

The Forest Stewardship Council (FSC) is an independent, not for profit, non-government organisation established to support environmentally appropriate, socially beneficial, and economically viable management of the world's forests.

FCS's vision is where the world's forests meet the social, ecological and economic rights and needs of the present generation without compromising those of future generations.

Launched in 2006 to support and improve the furniture industry's sustainability credentials, FISP (Furniture Industry Sustainability Programme) has rapidly become established as the industry forum on all environmental and sustainable issues.

FISP membership demonstrates that a company is taking its environmental and corporate social responsibility obligations seriously. FISP is backed by the entire furniture industry and is the mark of sustainable excellence.

Sealy UK is proud to be the first bed manufacturer to receive FISP accreditation.

Posturepedic

2011-2012 Collection

Cool. Fresh. Dry. Hypoallergenic.

ORTHOPEDIC
ADVISORY BOARD

The only beds endorsed by both the Orthopedic Advisory Board and Allergy UK

Welcome

Sealy are the biggest bed and mattress manufacturer in the world with a network of specialist businesses from the USA to Australia. It is because of our worldwide presence that we can call upon technological developments around the globe to bring the most advanced sleep systems in bed and mattresses manufacturing to the bedrooms of our customers in the UK.

Smart Fibres

This year we are delighted to introduce Smart Fibres technology across the vast majority of our collections. Smart Fibres guarantees a cool, fresh, dry and hypoallergenic sleeping environment that also eliminates house dust mites and have been endorsed by Allergy UK.

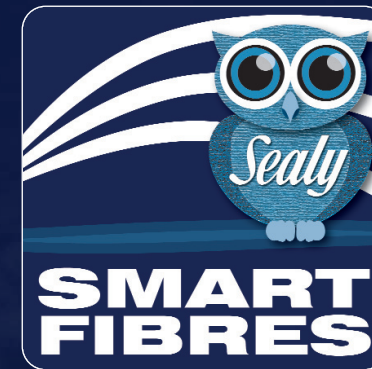

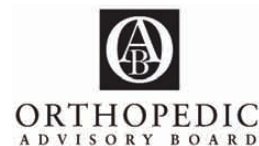

Zonal Support

Our bodies are not uniform and Sealy believes that our mattresses should reflect this vital fact. Our unique Posturepedic Zonal Support System provides greater "push back" support to areas of the body where weight is concentrated (such as the lumbar region) and is softer in others.

This 'Zonal' approach helps to support and align the spine in its natural shape and reduces the aches and pains you may encounter on lesser mattresses.

Sealy Posturepedic are the only sleep systems endorsed by the world renowned Orthopedic Advisory Board.

Introducing Sealy Smart Fibres.

The promise of a Cool, Fresh, Dry and Hypoallergenic sleeping environment.

This is delivered through two essential elements.

Firstly, Purotex[®] microcapsules release friendly bacteria into the fabric of the mattress to reduce mould and moisture - a 100% natural solution for a fresh, hygienic and dust mite free mattress. The unique, patented technology neutralizes & cleans up 100% of the dust mite allergens, de-hydrates the bed's microclimate so that house dust mites lack essential water and stops the growth of fungi and suppresses noxious bacterial colonies with no bacterial immunity or antibiotic resistance.

Test results indicate that 24% of people have house dust mite allergy. Purotex brings welcome relief for allergy and asthma sufferers who are sensitive to house dust mites.

Tencel fibres optimize the absorption of moisture with excellent cooling properties and guarantees that the sleeping area remains pleasantly dry - thus enhancing sleep.

Tencel is 100% organic as is extracted from wood pulp. It is 100% biodegradable.

The wood used comes from tree farms that practise sustainability and therefore is environmentally friendly.

Sealy Smart Fibres are endorsed by Allergy UK for the elimination of house dust mites.

Celebrating 60 years of Posturepedic

AnniversaryCollection

The Anniversary Collection is a unique celebration of sixty years of orthopaedically correct Posturepedic design.

Our best-selling Diamond Anniversary model, with its zoned construction and 1400 mini pocket springs on top of our PostureTech 660 spring system, gives the ultimate in comfort, support and pressure relief. Also with edge guard for edge-to-edge support.

The Diamond Latex has a zoned construction incorporating natural Latex for push back support, it also has edge guard for total edge to edge support.

The Diamond Ortho is a traditionally hand tufted mattress with our zero deflection spring system and edge guard for an extra firm sleeping surface. The fillings also incorporate memory foam to aid spinal alignment.

All mattresses in the collection are covered with Tencel, a beautifully soft fabric that is eco-friendly and helps keep you cool and dry and Purotex for the elimination of house dust mites.

COMFORT RATING: FIRM

Cool. Fresh. Dry. Hypoallergenic.

All the Support of a Posturepedic. All the Comfort of a Pocket.

PocketCollection

Our fabulous range of pocket Sprung beds. "Comfort" in a bed is a totally subjective matter. Many people will prefer the sleeping surface of our core Posturepedic "advanced coil" system, but for those who prefer the sleeping experience of a Pocket we now have a range just for you. It still supplies all the support and pressure relief that is uniquely Posturepedic, but now with all the comfort of a pocket. Multiple zones of motion and weight responsive pocket springs provide total spinal alignment, whilst our patented Unicase design surrounds the springs for total edge-to-edge support.

All this is "topped off" with a deep layer of Innergetic latex for outstanding comfort and pressure relief, eco-friendly Tencel fibres that are as soft as silk and help keep you cool and dry, plus Purotex for the elimination of house dust mites.

COMFORT RATING: MEDIUM

Quite simply our most sumptuous beds ever.

PlatinumCollection

Responding to body weight and pressure points, each of the mattresses in this range incorporates 7 zones of latex and memory foam to eliminate tossing and turning and so aid restful sleep. This is combined with our patented Posture Tech 660 spring system that ensures an even weight distribution for the sleeper. The unique Sealy edge guard provides total edge-to-edge support, whilst lumbar bars in the springs give even greater push back support for the back and the thighs. Finally, all the mattresses are covered with Tencel, a beautifully soft fabric that is eco-friendly which helps keep you cool and dry and Purotex for the elimination of house dust mites. The most Premium beds in our Posturepedic range, the luxury Platinum collection.

Cool. Fresh. Dry. Hypoallergenic.

All the benefits of a Posturepedic at surprisingly small prices.

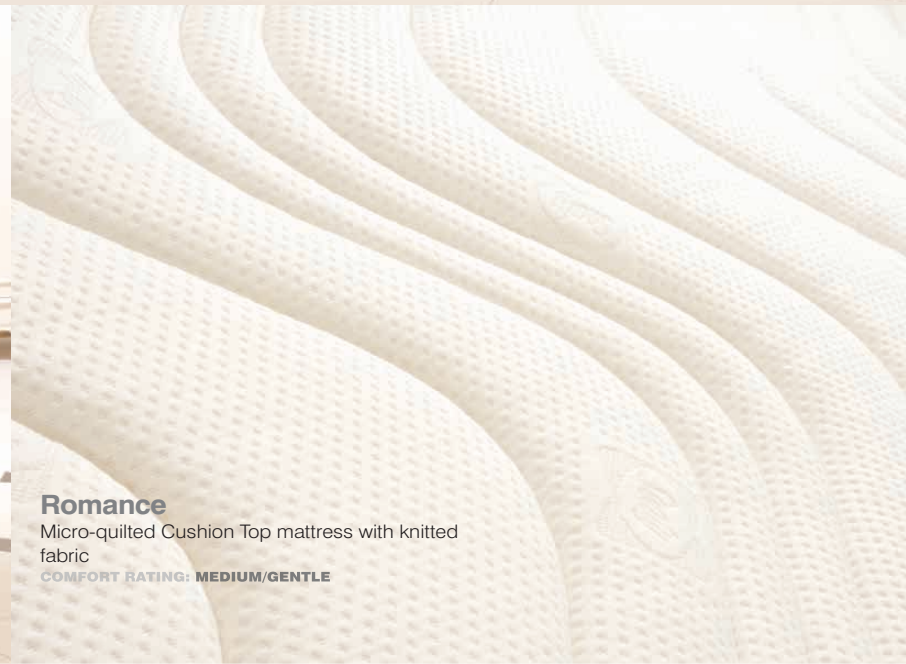

SilverCollection

With a zoned foam mattress construction to help eliminate tossing and turning, the Sealy Posturepedic Silver range is supported by the patented PostureTech 620 spring system to help maintain even weight distribution to disperse weight away from the heaviest parts of the body.

A range of mattresses with comfort ratings from medium/gentle to medium/firm with soft covers incorporating Tencel, a ground breaking eco-friendly fabric with natural cooling properties that help maintain body temperature and Purotex for the elimination of house dust mites.

Cypress Cove
 Micro-quilted mattress with knitted fabric
 COMFORT RATING: MEDIUM

Cool. Fresh. Dry. Hypoallergenic.

Our firmest range ever.

OrthoCollection

Sealy has always been synonymous with beds that have an orthopaedically correct design. Indeed we have a rich heritage in engineering sleep systems that can boast of being firm yet incredibly comfortable.

Our Ortho Collection draws on all that heritage and experience and has been specifically designed for anyone who prefers a very firm sleep surface. They are also ideal for people of above average stature.

Millionaire Ortho
Traditionally hand tufted mattress with Edge Guard and damask fabric
COMFORT RATING: **EXTRA FIRM**

Backcare Elite
Traditionally hand tufted mattress with damask fabric
COMFORT RATING: **FIRM**

Designed for bedsteads.

Platinum Bedstead Collection

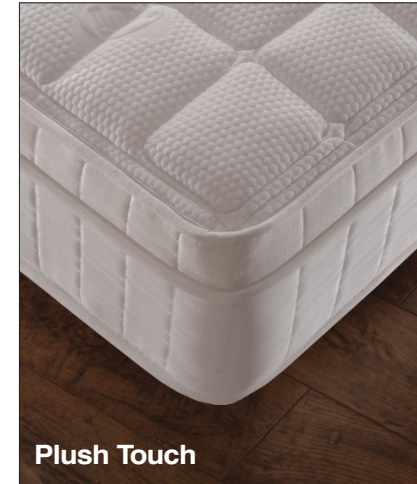

The unique Sealy Posturepedic Platinum Bedstead Mattress Collection supports the body at key pressure points helping to distribute your weight more evenly for deeper undisturbed sleep. By helping to correctly align your spine, tests have shown that this reduces the aches and pains that you can wake up to on lesser mattresses.

All models now contain Tencel, our eco-friendly fibre that helps keep you cool and dry and Purotex for the elimination of house dust mites. The enhanced underside of the mattress prevents slippage and movement on slatted bases making them ideal for use with all bedsteads.

Cool. Fresh. Dry. Hypoallergenic.

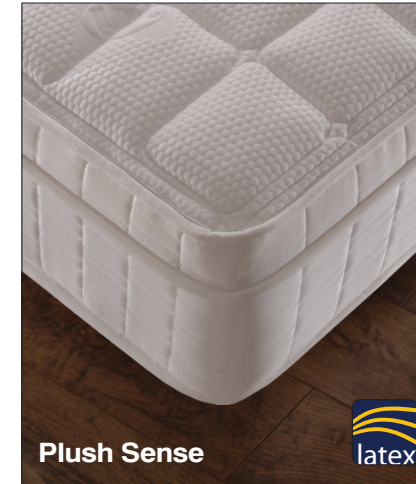

Posturetech Collection

MULTI-DRAWER OPTIONS

Multi-drawer options are available on a wide range of double and king size beds (see specifications). Because these models are split base (i.e. two halves) any two of the following types, A, B, C or D shown below, can be combined to give a drawer option that suits your needs e.g. Type AA, Type BC etc.

*Base Type C is not available on any board bases and is only available on 135cm and 150cm Torsion bases.

SPLIT BASES

All Sealy models, with the exception of 90cm width, are produced with split bases. This is particularly useful for delivery as the bases can be easily manoeuvred into position. For ease of assembly the two halves simply clip into place using Sealy's unique locking system. The new system is easy to use, hidden from view and requires no tools to assemble.
