Sutcliffe Furniture is a division of James H Sutcliffe & Son Ltd., a family owned furniture manufacturer based in the Pennines.

We have been manufacturing fine furniture here in Todmorden since 1887, drawing on the skills of generations of local craftsmen and women. We are proud of our history and heritage in British manufacturing.

The **Hampton** and **Windsor** collections are made with real wood and real wood veneers in either Mahogany or Cerise finish and bears all the hallmarks of traditional Sutcliffe craftsmanship.

The **Hampton** range is produced in warm rich hues of Mahogany, whilst the **Windsor** collection has more golden tones which bring out the beautiful natural grain of the timbers.

In this brochure we will show our extensive collection illustrating the comprehensive range of living, dining and occasional furniture.

Care of cabinet

To keep your cabinet in good condition, we recommend that, in addition to regular dusting with a soft clean duster, an occasional wipe with a chamois leather rinsed in a mild detergent solution is beneficial.

Any spillage should be removed at once. Proprietary sprays and polishes MUST NOT BE USED.

Please avoid heat and rough objects which may scratch the surface of the furniture.

Further instructions regarding your particular item of furniture are attached to each individual item where applicable.

Wood is a natural material and so will vary in grain and colour.

Wood will mellow subtly with age.

Hampton and Windsor offers a choice of two handles one as shown in the wood with the pewter trim and another same style but all wood.

All measurements are approximate.
